IIT Patna · Enrolled

STRENGTHS

- Bridges marketing, operations, and technical execution.
- Turns business problems into practical, working systems.
- Strong across the full lead lifecycle, from capture to close.

ROUSHAN KUMAR

Marketing Operations & Funnel Automation Specialist

CRM & GHL Automation | n8n Workflows | Lead Qualification Systems | Cold Email Operations

PROFESSIONAL SUMMARY

Marketing Operations and Funnel Automation Specialist with **2+ years** of experience delivering **50+ client projects** across funnel operations, CRM automation, and lead-management systems. I build the infrastructure behind campaigns, including landing-page flows, lead capture, qualification logic, CRM pipelines, reply agents, and multi-channel follow-up, so teams respond faster, lose fewer leads, and convert more. Proven at finding where funnels leak and shipping practical systems across GoHighLevel, n8n, Instantly, and webhooks.

PROFESSIONAL EXPERIENCE

Growth Strategist

Jan 2025 – Present

GrowthifyU

Bengaluru, India

- Build and optimize end-to-end lead-generation funnels across solar, interior design, coaching, education, CRM, local services, and B2B, covering landing page through capture, qualification, pipeline, follow-up, and sales handoff.
- Engineer GoHighLevel workflows across pipelines, stages, tags, forms, calendars, and automations, giving sales teams a clear, real-time view of every lead.
- Develop n8n workflows and webhook integrations linking landing pages, CRMs, WhatsApp, email, SMS, Slack, Instantly, and Zoom into one automated lead-flow.
- Design lead-qualification systems that cut junk enquiries, capture richer context, and let sales focus only on serious prospects.
- Run webinar automation across Zoom attendance segmentation, CRM tracking, nurture messaging, and post-webinar follow-up, keeping attendees and no-shows on separate journeys.
- Partner with internal teams to diagnose funnel gaps, follow-up delays, and automation breaks, then ship fixes that improve response speed and pipeline movement.

Creative Head

Jan 2024 – Mar 2025

GrowthifyU

Bengaluru, India

- Planned and produced performance-focused ad creatives, campaign assets, landing-page content, and video across multiple client industries.
- Developed creative angles, hooks, and ad messaging aligned to audience pain points and funnel objectives, working with media-buying and strategy teams.
- Led creative testing across new messaging angles, visual directions, and content variations to lift campaign performance.

Social Media Strategist

Sep 2022 – Nov 2024

Webspherx | Crico Akash

Remote

- Planned social content and digital communication strategy, and ran content creation, design, and video editing that strengthened brand presence through consistent visual storytelling.

SELECTED PROJECTS

Instantly Reply Agent · *Cold email reply automation + CRM pipeline*

- Built a custom reply agent that detects interested cold-email replies, responds within seconds, alerts the team in Slack, and updates the GoHighLevel pipeline. **Lifted meeting-booking rate to ~50%** while removing manual CRM work and response lag.

Stack: Instantly API & Webhooks · Vercel · Cloudflare Worker · Slack · GoHighLevel API · GitHub

Solar Lead Qualification Funnel · SKIG Energies · *Calculator funnel + Zoho pipeline*

- Built a solar-budget calculator funnel that collects fit data before routing leads into Zoho, filtering serious prospects and eliminating accidental submissions for a cleaner sales follow-up process.

Stack: Landing Page · Zoho CRM · Webhooks · WhatsApp/Email/SMS follow-up solar.ski-g.com

Estavio Design Studio · Website & Qualification Funnel · *Premium interior-design brand*

- Built the live website plus the lead-capture and qualification flow, covering structure, copy direction, and follow-up logic, improving enquiry quality and sales visibility.

Stack: Website Builder · Lead Form · CRM · Automation estaviodesignstudio.com

Zoom Webinar CRM Automation & Nurture System · *Webinar lifecycle automation*

- Owned CRM automation, nurture messaging, Zoom attendance segmentation, and post-webinar follow-up, giving clean attendee/non-attendee tracking and consistent reminders.

Stack: Zoom · CRM Pipeline · n8n · Webhooks · WhatsApp · Email

WhatsApp Lead Qualification Bot · *Furniture enquiry automation*

- Built a structured WhatsApp bot that collects requirements, asks qualification questions, filters by buying intent, and prepares richer context for sales handoff, cutting repetitive manual qualification.

Stack: WhatsApp Automation Platform · Bot-Flow Builder · Qualification Logic

GrowthifyU Agency Website · *Strategy → copy → creative direction*

- Built the GrowthifyU website end-to-end, covering structure, copywriting, design direction, and conversion-focused section flow, positioning the brand as a premium growth agency.

Stack: Website Strategy · Copywriting · Creative Direction growthifyu.com
